CIPPIC Identity Theft Working Paper Series

This series of working papers, researched in 2006, is designed to provide relevant and useful information to public and private sector organizations struggling with the growing problem of identity theft and fraud. It is funded by a grant from the Ontario Research Network on Electronic Commerce (ORNEC), a consortium of private sector organizations, government agencies, and academic institutions. These working papers are part of a broader ORNEC research project on identity theft, involving researchers from multiple disciplines and four post-secondary institutions. For more information on the ORNEC project, see www.ornec.ca.

CIPPIC

The Canadian Internet Policy and Public Interest Clinic (CIPPIC) was established at the Faculty of Law, University of Ottawa, in 2003. CIPPIC's mission is to fill voids in law and public policy formation on issues arising from the use of new technologies. The clinic provides undergraduate and graduate law students with a hands-on educational experience in public interest research and advocacy, while fulfilling its mission of contributing effectively to the development of law and policy on emerging issues.
